

Set Pop-Up Blocker for Internet Explorer browser for running reports:

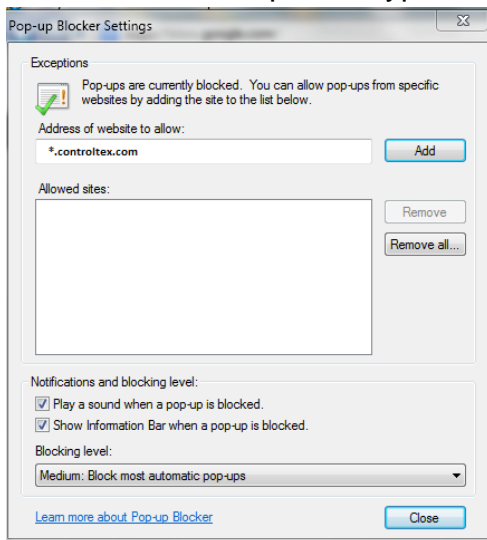

In the Browser select “Tools” then “Pop-up Blocker” – Select “Turn Off Pop-up Blocker”

Note: if it says “Turn On Pop-up Blocker” it is already off.

Also note there may be other “Pop-up” blockers on a system. Apps such as Google Toolbar and/or Yahoo will often download pop-up blockers that must also be turned off.

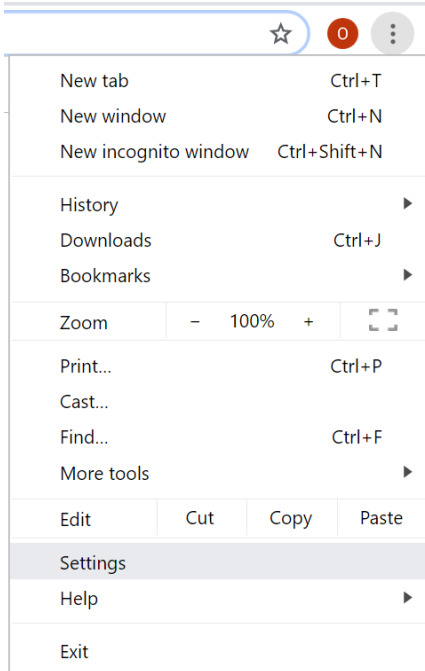

NOTE: Pop-up Blocker Settings can also be used in case turning off the Pop-up Blocker is not an option. Type in *.controltex.com then select the “Add” button.

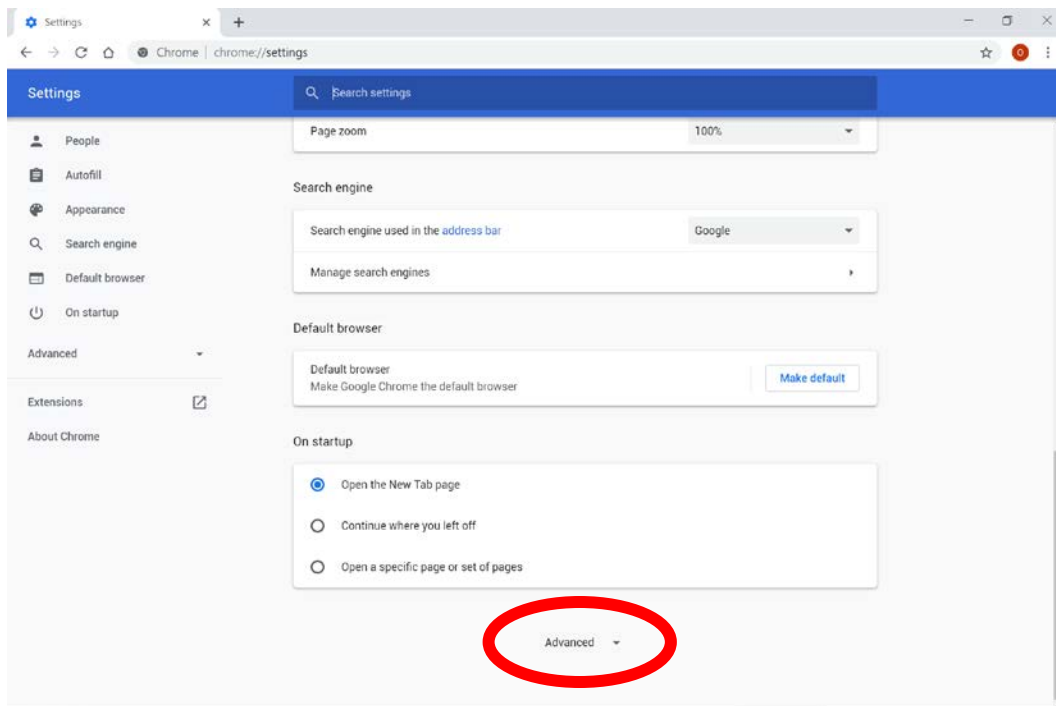

Set Pop-Up Blocker for Chrome browser for running reports:

Click three vertical dots in upper right corner, select Settings

Scroll to bottom and click Advanced

Select Site Settings

Site Settings
Control what information websites can use and what content they can show you

Select Pop-ups and redirects

 Pop-ups and redirects
Blocked

Add [*.]controltex.com to the Allow section

Allowed to send pop-ups and use redirects

Add

 [*.]controltex.com

Then close the Settings tab
