

## ROHS Compliance Statement

Re: Restriction on Use of Hazardous Substances in Electrical and Electronic Equipment (RoHS3) and China (RoHS2)

It is hereby certified that all products manufactured by Bead Industries, Inc. meet the requirements of RoHS3 in accordance with Directive 2011/65/EU and China RoHS2, except as noted in Exclusions Below

1. Products are free from organic substances such as Polybrominated biphenyl (PBB) and polybrominated diphenyl ether (PBDE). These organics cannot survive molten metal processing temperatures, and therefore cannot exist in metal products.
2. Mercury (Hg) and Mercury Compounds are never intentionally added to our products and only exist at trace or undetectable levels below the initiative's threshold.
3. Hexavalent Chromium cannot exist in metal.
4. Cadmium (Cd) is never intentionally added to our products and exists at trace or undetectable levels below the initiative's threshold.
5. Lead (Pb) may be present at levels below the initiative's threshold for non-Tin Lead plated products. Lead may be present at levels above the threshold for Tin Lead Plated Products.
6. Products are free from Bis (2-ethylhexyl) phthalate (DEHP), Butyl benzyl phthalate (BBP), Dibutyl phthalate (DBP), & Diisobutyl phthalate (DIBP)

### Testing

As and where required, Bead products are analyzed by third parts laboratories accredited under ISO 17025.

Important Information: Information provided by Bead Industries on its website or in other areas of communication concerning the substance content of its products represent Bead's knowledge and belief as of the date that it is provided. Bead based its knowledge and belief on information provided by third parties, suppliers, and laboratory test results and makes no representation or warranty as to the accuracy of such information. Bead has taken and continues to take reasonable steps to provide representative and accurate information but may not have conducted chemical analysis on all materials. In no event shall Bead Industries, Inc. have liability arising out of such information.
