

B112

THERMAL TRANSFER RIBBON

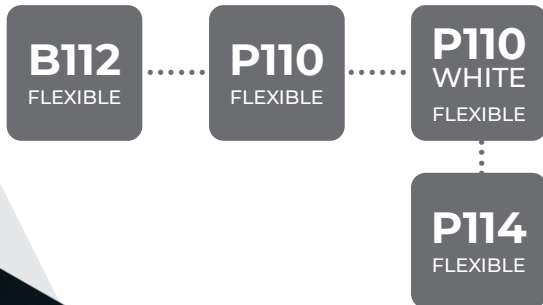

Developed for near edge and corner edge technology desk top printers

A globally recognised flexible wax/resin ribbon. Specifically designed to work with near edge technology printers in high volume labelling applications. It's multi-purpose, versatile characteristics allow it to cover most standard applications. Equally able to print onto labels and flexible film. A market leading product for 20+ years, this wax/resin prolongs printhead life and produces a high quality print thanks to our antistatic coating and high sensitivity inks.
