

IntegrityCounts Whistleblower Live Answer Hotline

Great ethics and compliance programs offer multi-channel support for intake, providing employees a preference in how they wish to report ethical concerns.

For employees that rely on a human connection, anonymous hotline capabilities are critical to ensuring that the employee feels supported and nurtured when reporting misconduct.

WhistleBlower Security offers the most human experience for ethical reporting in the marketplace with a strong focus on people first, giving your organization the visibility it needs to take corrective action when ethics issues occur.

Toll Free Live-Answer Ethics Hotline Available Through the Following Methods:

1

International Toll-Free Numbers

Where Global toll-free access is limited in certain countries, these numbers are available for callers to use. Numbers are specific to each country and should be recognizable to local callers as a toll-free number.

2

Geographical Local Numbers

Where available geographically, these numbers offer a local number that works in a specific city or country. This allows the caller use a number they are familiar with, yet routes directly to our Call Centre. We continue to add to this list of numbers where available.

3

Global Toll-Free Number

This is a single toll-free number that works in many different countries. The number follows the same format across all available countries, and uses an International Access Code. The global toll-free number works from most developed markets in Western Europe, East Asia, some of Eastern Europe, and the Middle East. When dialed, the number routes directly to our Call Centre.
