

# AGC Biologics Employee Spotlight

We would like to recognize all our team members who are working so hard to keep the business running during this challenging time in our new **COVID-19 Employee Spotlight.**

Send us a photo of yourself and/or your team hard at work — whether you are an essential employee on site or a team member contributing remotely from home. Include a note about what it's like working together to navigate this unique situation.

Email photos and comments to the following address: [covid-19@agcbio.com](mailto:covid-19@agcbio.com).

Photos and comments may be featured on the COVID-19 Advisory Page and AGC Biologics social media, with your written permission.

**Cheers to you and  
all that you do!**

 **AGC Biologics**  
Right. On Time.
