AGC Biologics U.S.

Introducing ACG Biologics

A LEADING GLOBAL BIOLOGICS CDMO

- Development and manufacture a range of mammalian and microbial-based therapeutic proteins for over 25 years
- A diverse customer portfolio ranging from many of the world's top large pharma companies to innovative virtual companies

HELPING TO SHAPE THE FUTURE OF C>

- Acquired Molecular Medicine S.p.A. (MolMed), a Cell and Gene Therapy powerhouse in Milan, Italy, in the Summer of 2020
- Only C> CDMO that's brought its own product to market
- One of the few CDMOs that provides Plasmid, VV and CT services

AND WE'RE NOT SLOWING DOWN

- We're constantly expanding our capabilities and capacities across all sites
- We'll soon have microbial and mammalian capabilities on three continents, followed by the same for C>
- We're not stopping there – even more to come soon

End-to-End CDMO Services for Biologics and Cell & Gene Therapies

Our Mission

To work side by side with our customers in order to improve patients' lives by bringing new biopharmaceuticals to market

Our Vision

To be the first provider that customers call when they are looking for a Contract Development Manufacturing Organization.

Our Values

- Innovation & Operational Excellence
- Diversity
- Protect the Environment
- Integrity

AGC Biologics is Part of AGC, Inc.

AGC, INC. SNAPSHOT
