Ease of use, multiple options and a sleek but durable design make the THERA-P line of electric treatment tables the choice of athletic trainers everywhere. Our bariatric model is built strong for larger patients, thanks to precision-cut flat and tube steel. Four top options allow athletic trainers to choose the table that best meets their needs and that ensures patients' most comfortable positioning. It also has a whisper-quiet lift system (with elevating foot control pedal) and easy-to-operate caster system for better ergonomics. Softly rounded corners and a layer of thick 2" foam add the finishing touch.
