## MELLETTTE SERIES

## SIMPLY SOUTH DAKOTA

The Mellette Series is where prairie charm meets modern elegance. Proudly South Dakota-inspired by visions of rugged landscapes, winding rivers, rolling prairie and wide-open sky you can uncover our legendary history and rich heritage by taking the road less traveled to embrace the frontier spirit of the West.

This robust line of furniture speaks to our open prairie heritage and strong midwestern values and with its simple patterns combined with strong lines for a clean, industrial look. It includes multiple desk options with a side table, multi-functional credenza, open bookshelves, and convenient storage for a touch of prairie elegance.
