OxBlue Corporation Announces the OxBlue Foundation

Jan. 8, 2020 (ATLANTA, Ga.) - OxBlue Corporation, an Atlanta-based technology company and the leader in professional construction camera services, is proud to announce the formation of the [OxBlue Foundation](#), a 501(c)(3) nonprofit, all-volunteer charity focused on STEM (science, technology, engineering, and mathematics)-related educational initiatives to benefit the lives of others.

The OxBlue Foundation's ultimate goal is to ensure that anyone, regardless of gender, age, race or financial circumstances, has the opportunity to explore the field. It's for this reason that the foundation funds activities and events, STEM-related field trips for local schools, continuing education for adults, scholarships and more. These events, activities, and education focus on building diversity and giving access to those who may otherwise not have the opportunity.

"In business, we have always had a strong commitment to serving our clients," Chandler McCormack, CEO of OxBlue Corporation. "Through the OxBlue Foundation, we carry that commitment over to enhancing the lives of others."

Initial funding for the OxBlue Foundation was a donation of \$300,000 from OxBlue Corporation. Going forward, continued sustainable funding is derived from OxBlue Corporation, employee matching grants, and external community partnerships with like-minded individuals and organizations.
