

How to install the **LINEA Locking Clip**

To Install:

1. Place your accessory onto the slatwall in the desired position.
2. Insert the LINEA locking clip into the top slot of your LINEA accessory.
3. Lift the accessory upwards, then press the locking clip to secure the accessory in place.

To Un-Install:

1. To remove the accessory when locked, free the locking clip by hand or place the thicker side of an open wrench under one side of the locking clip to gently leverage the clip open.
2. Once the clip is disengaged, shift it back and forth until the clip is free.
3. Remove accessory from slatwall, reposition as desired, and repeat installation steps.
