

Turnkey Solutions for Cement Industry

Applications

Products & Solutions

Steel Works & Rolling Mills

Applications

Casting
Iron Making

Rolling/Processing/Finishing
Blast Furnace

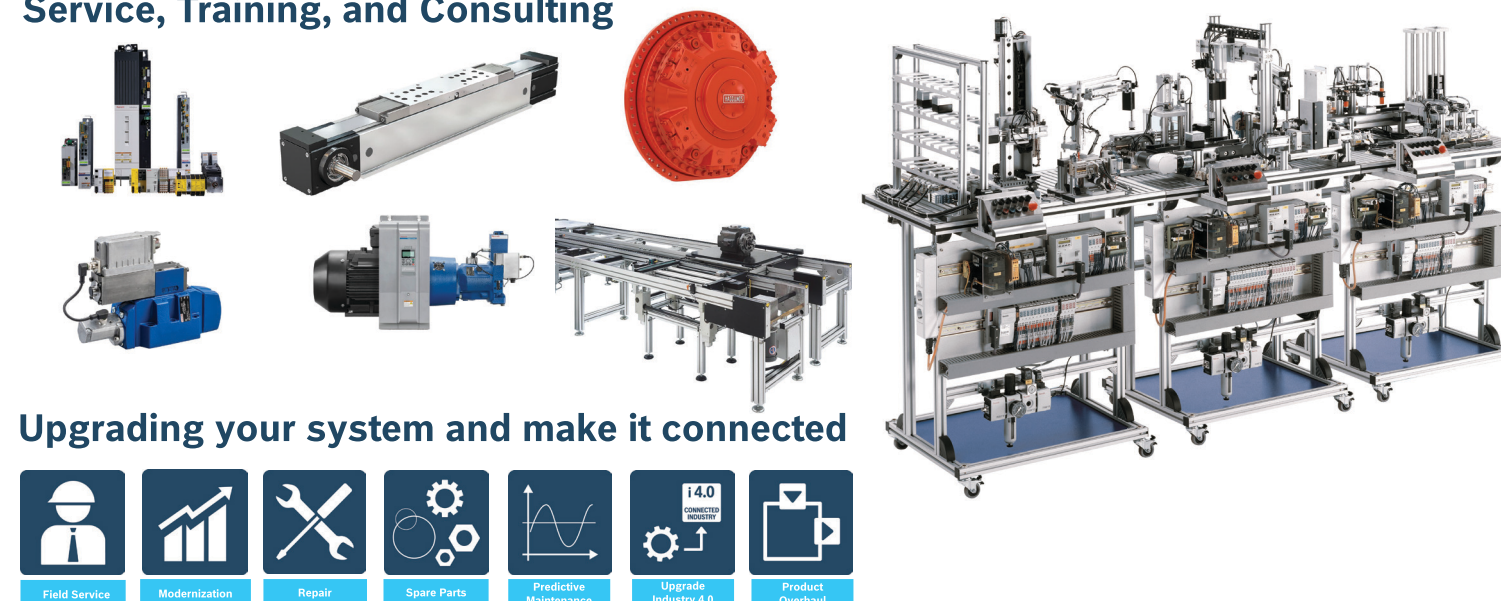

Products & Solutions

Rexroth Service the Original!

Your Experts for Profesional Overhaul

We Provide
Service, Training, and Consulting

Other Key Industries that We Serve

Applications

1. Agro Industries: Sugar, Palm Oil, and Rubber
2. Food & Packaging
3. Plastic, pharmaceutical, & Machine Tools
4. Oil & Gas Land Based

Products & Solutions

rexroth
A Bosch Company

Rexroth Products and Solutions

**WE MOVE.
YOU WIN.**

Drive & Control Solution for Civil Engineering & Energy

Applications

Dams & Hydropower	
Turbine	Spillway
Intake Gates	Ship Elevator

Bridges & Irrigation System	
Moveable Bridges	Flood Control Barriers
Ferry Ramps	Surface Technology

Products & Solutions

Hydraulic Power Unit

Turbine Control

Accumulator

Electronic Control

Surface Technology

Seals and Fluids

Large Hydraulic Cylinders

Cylinder Integrated Measuring Systems

Gas and Steam Turbines

Products & Solutions

Fast Acting Control System

Indradrive ML

Directional Valves

The STSS Self-Testing Safety System

Hydraulic Motor and Control Block

Products & Solutions for Marine Applications

Applications

Ferries	Governmental Ships	Special Purpose Ships	Cargo Ships
Tankers	Work Boats	Sailing Ships and Yachts	Supply Ships
Container Ships	Fishing Ships		

Products & Solutions

Axial Piston Motors

Axial Piston Pumps

Swing Gear

Filters

Winch Drives

Hydraulic Cylinders

FIFA Valves

Electric Controls

Winch Control Blocks

Hagglunds Drive Units

Manifold

Hydraulic Valves

Internal Gear Pumps

Electric Drives

Sensors

Radial Piston Motors

Hydraulic Power Unit

Large Hydraulic Cylinders

Power to Excel in Mining & Material Handling

Applications

Belt Tensioning System

Bucket Wheel Reclaimers

Feeder

Conveyor

Products & Solutions

Pumps A4CSG

Pumps A4VG

Pumps A4FO

Pumps A10VSO

Pumps A4VSO

Pumps A11VO

Hydraulic Power Unit

ABPAC

Filters

Mill Type Cylinders

Tie Rod Cylinders

Manifold

VacuClean

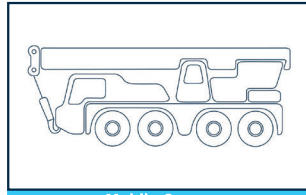

SP5

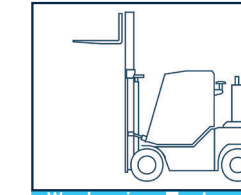

Hagglunds Drive Units

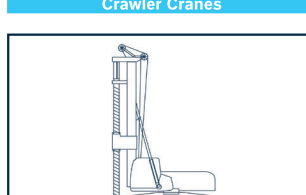

Applications

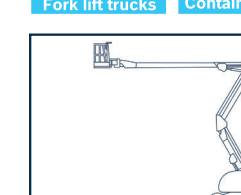

Mobile Cranes

Warehousing

Underground and Mining Machines

Aerial Work Platforms

Products & Solutions

Pumps A4VG

Pumps A11VO

Pumps A1VO

Pumps A2FE

Pumps A2FM

Pumps A8VO

Pumps A6VM

Control Block M7

Control Block M4

Control Valves

BVE Valves

Directional Valves

Integrated Circuits

Valves LT05

Gear Pump

Travel Gear

Swing Gear

Winch Gear

Radial Piston

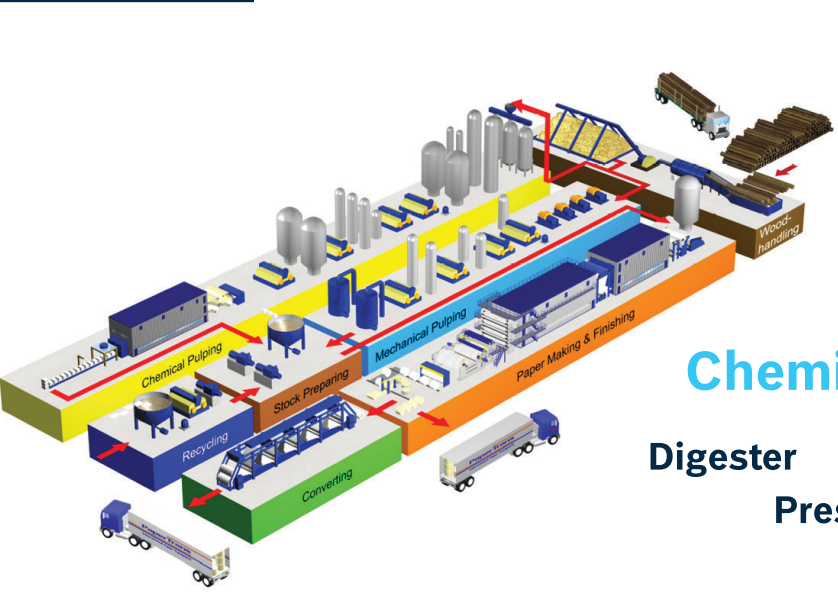

Speed Sensor

Pressure Sensor

Improve Mill & Line Production in Pulp & Paper

Applications

Improve mill and line productivity. Reduced wasted product. Become more flexible and responsive to market needs. Rexroth offers a complete line of hydraulic drives and control products and systems to help pulp and paper manufacturing achieve these goals.

Chemical Pulping

Digester
Dewatering Press
Pressure Diffuser

Mechanical Pulping

Products & Solutions

Pumps A10VSO

Sytronix

Linear Motion Technology

Electromechanical Cylinders

Embedded Controller

Pumps SYDTEE-2X

Ball & Roller Rail System

Hydraulic Power Unit

i4.0
