

Notice of Change: Legal Entity Name Change and Merger Update

October 14, 2021

Dear Valued Customer,

As you know, effective **October 1, 2021**, SeraCare Life Sciences, Inc. and Maine Standards Company, LLC became one legal entity known as **LGC Clinical Diagnostics, Inc.**

[Click here to refer to the previous notification.](#)

Our regulated products and materials, order, shipping, and invoice documentation have been updated with our legal manufacturer name, **LGC Clinical Diagnostics, Inc.**, per regulatory requirements. However, you may continue to receive regulated products manufactured prior to October 1, 2021 with the legacy SeraCare or Maine Standards labeling.

We will also continue to leverage our SeraCare* and Maine Standards* brands to support, promote, and position our product brands. This includes:

- Company websites: mainestandards.com and seracare.com
- Product brands: ACCURUN®, VALIDATE®, AccuPlex™, AccuSet, AccuVert, Seraseq®
- Marketing collateral (white papers, case studies, blogs, etc.)
- Product packaging
- Most non-IVD manufactured products will continue to be labeled with the SeraCare or Maine Standards brand name

In addition to the above, we are also excited to inform you that we will be working to unify our global LGC Clinical Diagnostics brands, and we will reach out with further communication when necessary. We thank you for your continued loyalty and patience and look forward to further interactions with you, our valued customers.

If you have any questions related to this, please reach out to CDx-CustomerService@lgcgroup.com.

Respectfully,

Bharathi Anekella

LGC Clinical Diagnostics | Executive Vice President & General Manager

** SeraCare and Maine Standards are brand names of LGC Clinical Diagnostics, Inc.*
