

Using this checklist, take a quick inventory of all WiFi-connected devices in your home.

Then, try taking the [WiFi Score quiz](#) again to see if your first score matches your real WiFi needs.

# Device Checklist

- |  |   |
|--|---|
| <input type="checkbox"/> Smart Phone(s)      | <input type="checkbox"/> Thermostat         |
| <input type="checkbox"/> Smart TV(s)         | <input type="checkbox"/> Alarm Clock(s)     |
| <input type="checkbox"/> Streaming Device    | <input type="checkbox"/> Security Camera(s) |
| <input type="checkbox"/> Desktop Computer(s) | <input type="checkbox"/> Video Doorbell     |
| <input type="checkbox"/> Laptop(s)           | <input type="checkbox"/> Roomba             |
| <input type="checkbox"/> Router(s)           | <input type="checkbox"/> Smart Lock(s)      |
| <input type="checkbox"/> Tablet(s)           | <input type="checkbox"/> Smart Light(s)     |
| <input type="checkbox"/> Gaming Console(s)   | <input type="checkbox"/> Smart Fridge       |
| <input type="checkbox"/> Printer(s)          | <input type="checkbox"/> Smart Watch        |
| <input type="checkbox"/> Smart Home Hub      | <input type="checkbox"/> Baby Monitors      |
| <input type="checkbox"/> Speakers            | <input type="checkbox"/> Coffee Machine     |
