

Cayen Payment\$™

A module of
Cayen AfterSchool™

Configure. Bill. Collect.

Cayen Payment\$ generates and tracks charges as well as records payments. Your organization can efficiently and conveniently manage the charges owed for services rendered to your participants while informing your participants of their itemized account activity.

Cayen Payment\$ provides you with the ability to view an organization's financial standing by participant (Balances and Credits), organization or site. Central administrators are able to confirm timely and accurate data entry and monitor account management with real-time access.

Benefit From These Conveniences

- Ability to assign specific Charge Rules/Fees based on participant and household set-up.
- Mass generation billing options allow administrators to bill all participants on the payment schedule they prefer.
- Track Payment method using flexible payment options. (Check/Credit Card/Cash/Money Order).
- Print or email comprehensive billing statements or receipts as needed.
- Data Entry Audit Tools are available for analyzing data quality by site and payment status per participant as set up by staff.
