233 Late payment fees (annual fees)

- (1) If the annual fee for a service approval is not paid on or before 1 July, the Regulatory Authority may charge the approved provider a late payment fee, in addition to the annual fee, for every 30 days (or part of every 30 days) that the annual fee is overdue.

(b) multiply the amount by the indexation factor for the relevant year;

(3) The indexation factor is worked out using the following formula—

$$\frac{\text{Sum of index numbers for quarters in most recent March year}}{\text{Sum of index numbers for quarters in previous March year}}$$

"previous March year" means the period of 12 months immediately preceding the most recent March year;

"quarter" means a period of 3 months ending on 31 March, 30 June, 30 September or 31 December.

(4) The result worked out under subregulation (3) must be rounded up or down to 3 decimal places, rounding up if the result ends in 0.0005.

(5) A calculation under subregulation (3) is to be made—

(a) using the index numbers published in terms of the most recently published reference base for the Consumer Price Index; and

(b) disregarding index numbers that are published in substitution for previously published index numbers (unless the substituted numbers are published to take account of changes in the reference base).

236 Publication of indexed fees

(1) The National Authority must, before the financial year commencing 1 July in each year after 2012, publish the fees applicable for that financial year determined in accordance with regulation 235.
