Re: PVC Fittings

Due to subfreezing temperatures affecting Texas and the Gulf Coast, several producers of PVC resin have declared a force majeure. These immediate closures may affect our ability to run our manufacturing facilities at optimal rates.

In order to manage our inventory and production levels during this uncertain period, effective immediately we must restrict new orders for PVC fittings to no more than two weeks of your annual NIBCO 2020 purchases (in pounds).

If you have questions, please contact your NIBCO sales or customer service representative. Thank you for your continued support of NIBCO products.

Sincerely,

NIBCO INC.
