ABOUT |

Leader, Erik Stremke, is a published expert in this field with more than 20 years of experience in claims recovery. His specialized team offers state by state knowledge of tort case and statutory laws, resulting in maximum recovery.

Specialized

RCS is well versed in state by state tort case and statutory law affecting recovery in the trucking industry.

Services

RCS delivers excellence by going beyond standard Subrogation and Claims Recovery Handling.

Impact

The money recovered by RCS will allow clients to create a safety net, replenish surplus, or even fund a captive.

HOW IT WORKS

RCS will review the last 2-4 years of closed claims. Typical recovery is an additional 5-7% of claims paid. There are no upfront or out-of-pocket expenses. If RCS doesn't recover, RCS will not collect a contingency fee. Simply provide access to closed claims and let RCS do the work.

AVERAGE SUBROGATION RECOVERY

Motor Carriers only recover about 15-17% of total dollars paid out on all physical damage claims. Do you know your recovery ratio?

RIGHT FIT CLIENTS

- High retention/ high deductibles
- Lack dedicated recovery personnel
- Recovery ratio less than 20%
- Want to fund a captive or replenish surplus
