

HERCULES

Scale faster with the Hercules platform featuring built-in RMS.

Reduce failed transactions, increase ATM usage, and decrease tech dispatches. Known for its consistency and reliability (especially in fringe areas), the Hercules platform is referred to as the “gold standard” among ATM operators.

RMS Minus the Cost and Complexity

Level the playing field with Hercules RMS for your entire fleet - regardless of manufacturer - included with every Hercules and setup in minutes.

- Resolve transaction disputes
- View cash levels & forecasts
- Set & adjust bill counts
- View Terminal IDs
- Review e-journals
- View ATM errors
- View ATM status
- And more!

Purpose built for ATMs

Ideal for low data usage applications such as ATMs, vending machines, and wireless laundry facilities, the Hercules features tons of standard features.

- 5 Year warranty
- 24/7/365 Support & Network monitoring
- Unlimited transactions
- Multiple wireless carrier options
- Failover to wireless capability
- Customer portal
- Solid metal case
- EMV and DCC Capable
