What makes our data *different*?

For precise, actionable fundraising insights, *iwave* provides unparalleled wealth, philanthropic, and biographic data, ensuring unmatched accuracy and comprehensive coverage. As a result, *iwave* equips you with the data and tools to effectively assess a prospective donor's propensity, affinity, and capacity to support your cause.

With comprehensive donor profiles continuously updated in real-time, you have everything you need to evaluate and engage prospective donors—individuals, foundations, and companies.

Our commitment to security and privacy.

We prioritize your trust and security, consistently upholding the highest standards.

- ✓ We thoroughly vet our data providers and partners to guarantee strict adherence to privacy regulations.
- ✓ *iwave* undergoes regular audits by third-party security experts, maintaining our SOC 2 (Type 2) certification.
- ✓ We comply with leading privacy standards, including CCPA, GDPR, HIPAA, and the FEC Act.

Better *together*.

Kindsight's *iwave* is just one piece of the Fundraising Intelligence platform powering modern fundraising. The complete platform combines donor data and insights, AI, and automation so you can discover, engage, and steward donors like never before.

Kindsight: The Fundraising Intelligence Platform

Tim Wilson, Prospect Management & Research Coordinator, Weber State University

“I’m really impressed by how quickly I can get data, and I am fully confident that I can trust it.”

Ready to take fundraising to the *next level*?

Get started with *iwave* today.
