

Important Message from Hocking College

Hocking College serves as a pathway to prosperity, teaching and inspiring all who seek to learn, growing careers and changing lives. College priorities include the health, safety and well-being of our students, faculty, staff and community; maintaining students' academic progression; and to continue business operations with established safety protocols.

Going forward the following safety protocol applies to all individuals who are on a Hocking College campus:

Fully vaccinated - mask/face covering OPTIONAL

Not fully vaccinated - mask/face covering REQUIRED while inside any Hocking College building or outside unless you can be 6 feet apart.

IF YOU ARE SICK:

1. STAY HOME
2. Contact your supervisor/faculty members
3. Employees must submit appropriate leave time

If you have any concerns, please submit an incident report at www.hocking.edu/report-it.

What does "fully vaccinated" mean? It's been two weeks since the second dose of a two-dose vaccine (Pfizer or Moderna) or two weeks after a single-dose vaccine (Johnson & Johnson).
