

Social Work

PROGRAM DESCRIPTION

Social Work Program

The Social Work program is designed to prepare students to enter the workforce in the mental health arena as a Case Manager working with adults, teens, children and families in the areas of clinical mental health and substance abuse treatment.

Our students receive hands-on experience in the field to gain a better understanding of the mental health community and where they see themselves going once they graduate.

The Social Work program uses a hybrid model of learning, allowing for some face-to-face instruction and some instruction to take place virtually. This ensures our students are ready to work with clients in the field, as they will be able to demonstrate a mastery of both delivery methods.

Our Associate of Arts in Social Work acts as a pathway, leading directly into a bachelor's degree in Social Work or Counseling. This approved pathway allows students to count their completed courses at Hocking College towards their bachelor's degree in the social work or counseling field.

PLACES OF EMPLOYMENT

Examples of places where Hocking College alumni have worked or are currently working include the following:

**Perry Behavioral Health Choices • Hopewell Health • Rural Women's Recovery Services
Athens Behavioral Hospital • Pinnacle Treatment Centers • Southeastern Correctional Institute**
