Skillcast's Approach

COMPLIANCE PORTAL

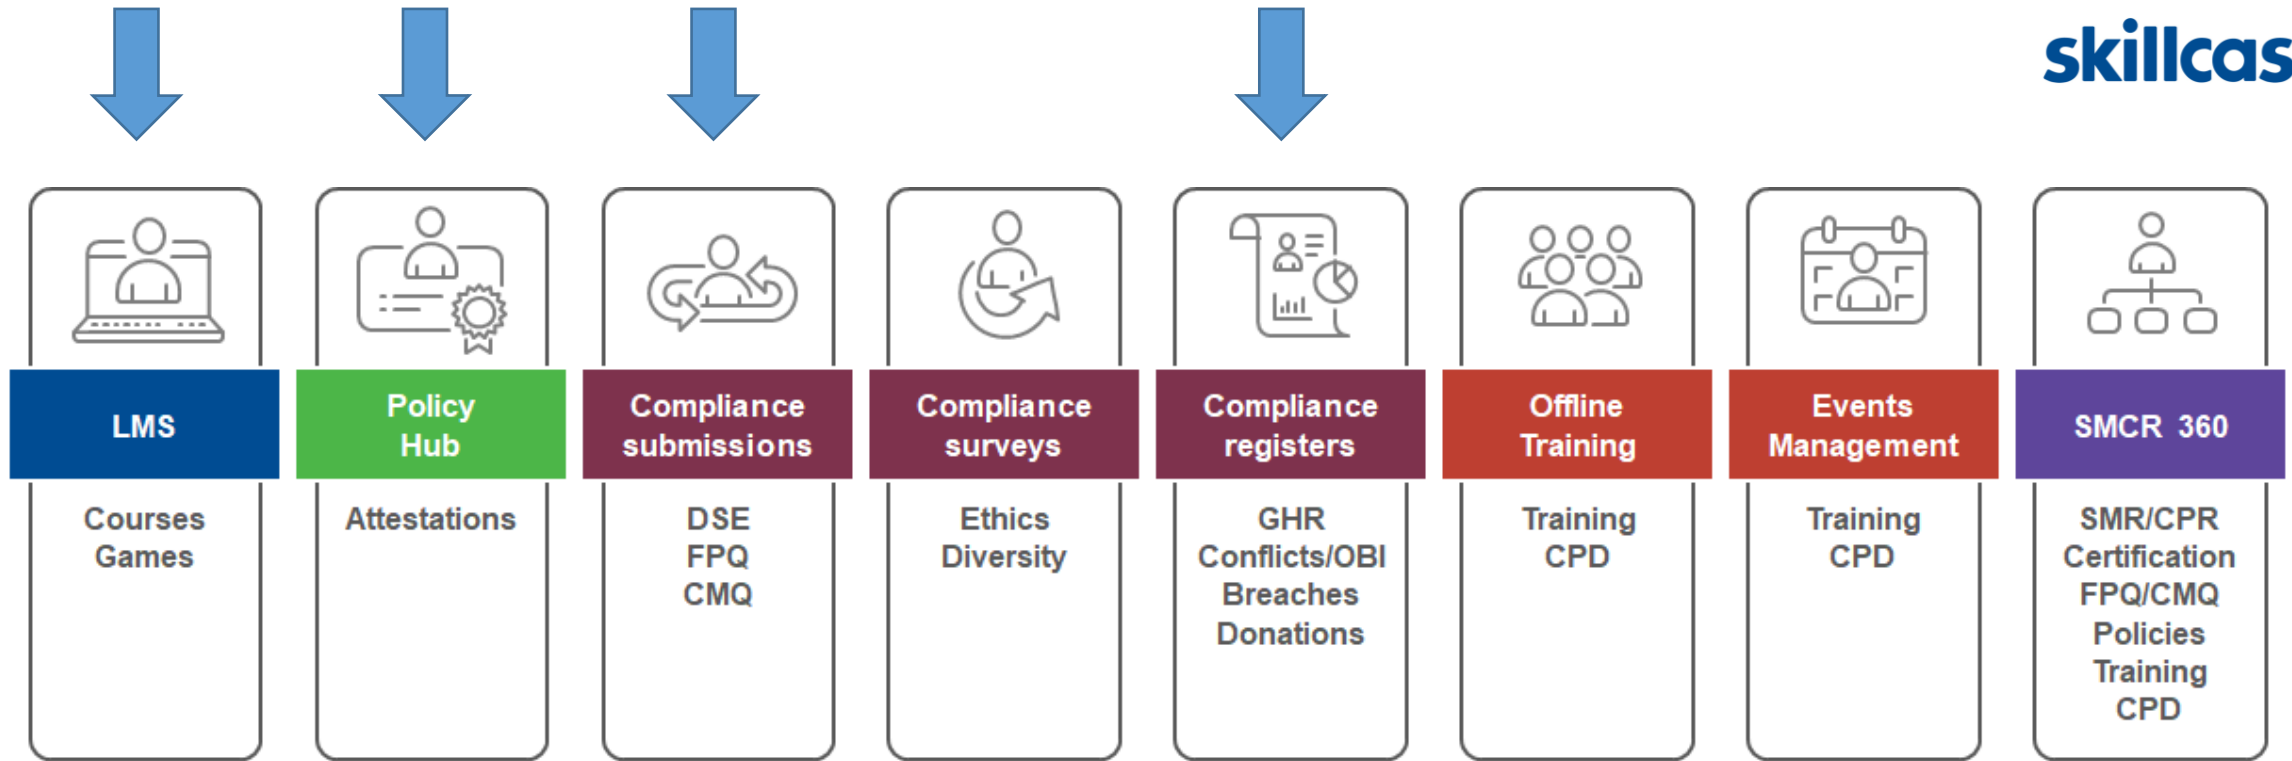

Fresnillo Case Study

- 10-year relationship, which has seen different challenges and requirements prioritised.
- Fresnillo's heavy focus on responsibility and the Code of Conduct:
 - Regulation
 - Local communities
 - The environment
 - Safety
 - Sustainability

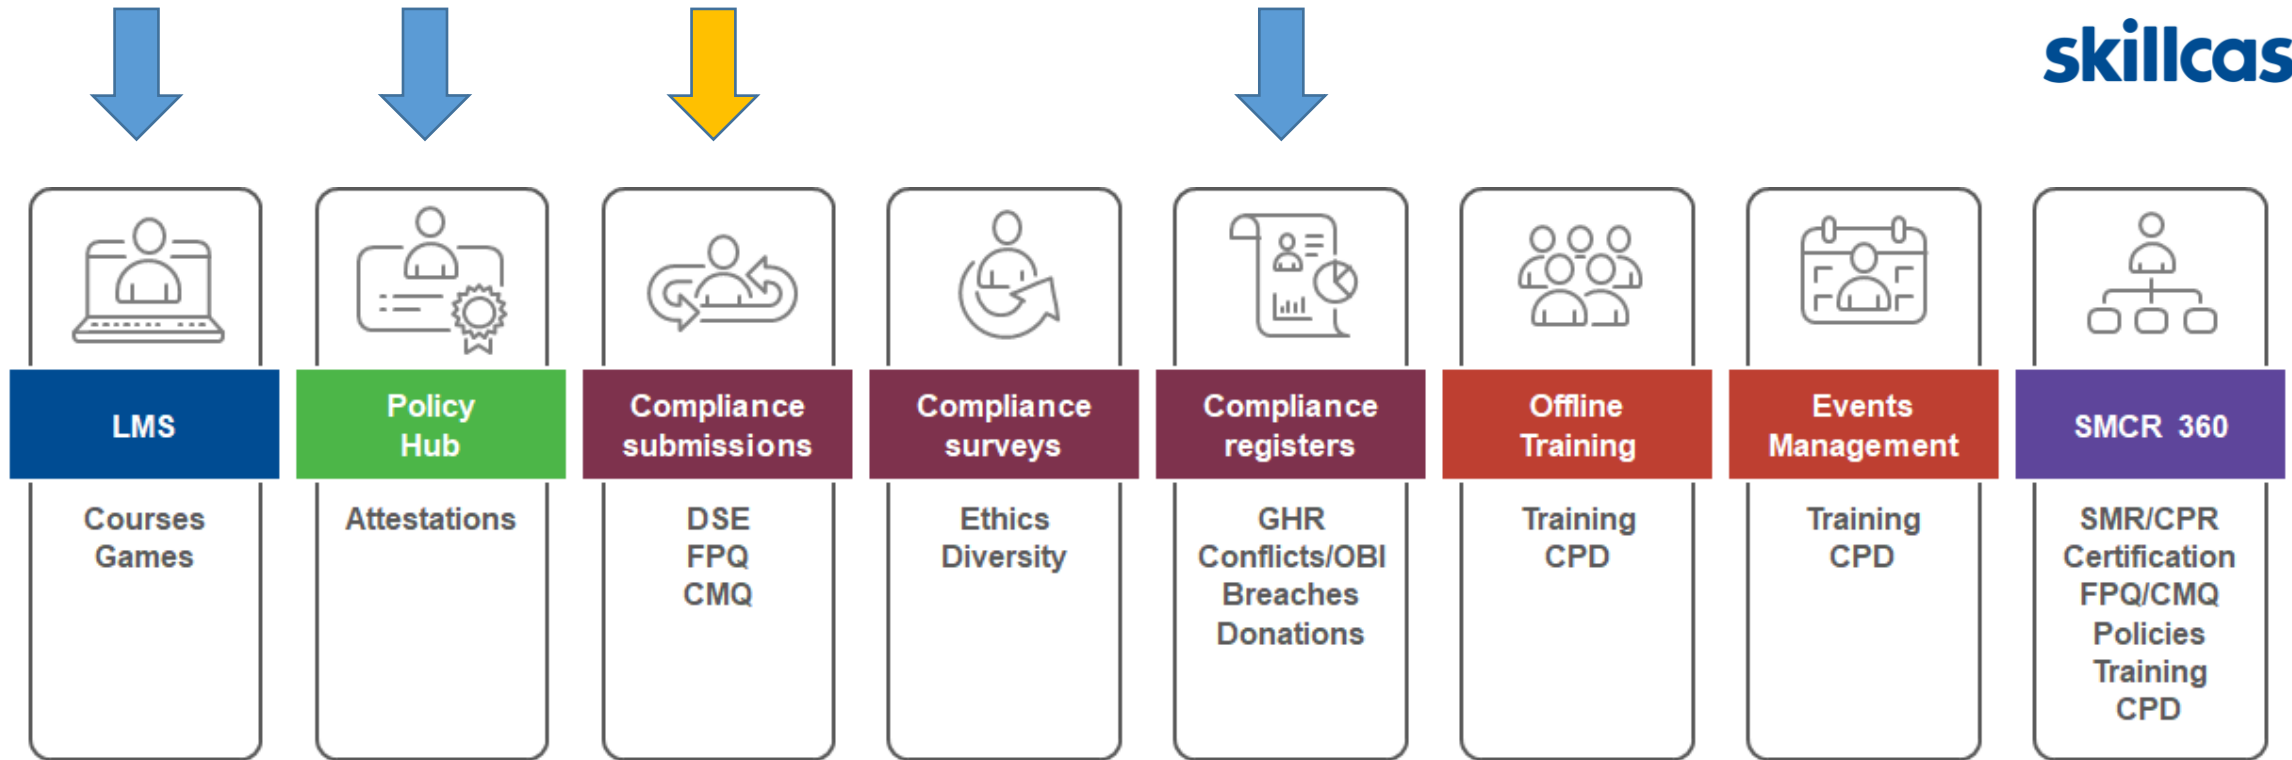

Fresnillo Case Study

Conflict Management Questionnaire

"We previously did the declaration of conflicts of interest manually, on paper.

Now that we have done so through Skillcast, it is easier and more efficient both on the administration, concentration of information, as well as the consultation and follow-up of the responses of our personnel to be able to analyse the information they provide us and solve those red flags that are identified."

Impact on Fresnillo

"We previously did the declaration of conflicts of interest manually, on paper.

Now that we have done so through Skillcast, it is easier and more efficient both on the administration, concentration of information, as well as the consultation and follow-up of the responses of our personnel to be able to analyse the information they provide us and solve those red flags that are identified."
