Compliance Training Simplified

EPAY Learning - Powered by Cornerstone

Your Challenges

Whether onboarding new employees, upskilling current ones, or providing governmental or industry mandated training, continuously educating your people is critical. However, if you're like many employers with an hourly workforce, you've yet to find a training system that engages employees and meets compliance mandates… without creating a burden for HR managers to run the training (and for employees to complete it).
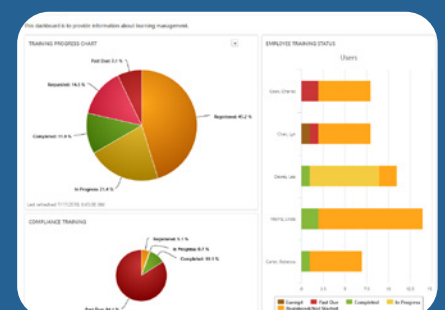

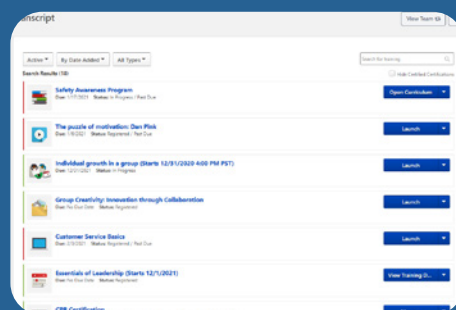

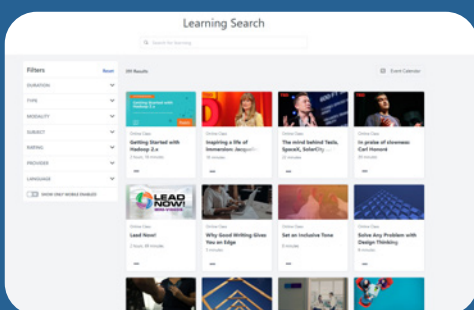

Our Solution

Powered by Cornerstone's robust learning management system and artificial intelligence, EPAY Learning offers best-in-class content and an intuitive interface, making it easy to build effective training programs. You will train your workforce with minimal impact on productivity and monitor your compliance 100% online.

We know safety and compliance are top priorities. With industry-tailored course bundles - developed by Cornerstone's premium content partners, plus the ability to create your own, you can rest assured that you're in compliance with ever-shifting OSHA, HIPPA, sexual harassment, and other regulations. EPAY Learning prepares your workforce to meet today's demands and whatever tomorrow may bring.

- ✓ High-quality industry-tailored content subscription bundles

- ✓ Multilingual courses, including Spanish

- ✓ Seamless flow of information across HR systems

- ✓ Highly intuitive user interface

- ✓ Self-paced courses anytime, anywhere, and on any device

- ✓ Compliance and certification management

- ✓ Flexible pricing model—per active user per month

Choose a content subscription bundle tailored to your needs

EPAY Learning offers two content subscription bundles with access to more than 2,000 online courses created from best-in-class content providers. You'll find readily available courses on sexual harassment, OSHA, workplace safety, HIPAA laws, and so much more.

Effortless content management, curation, and delivery

EPAY's operations team handles all back-end processes, at no additional charge, to ease the burden of the content upload, tagging, and delivery for you. Monthly content updates help you deliver the most relevant and engaging content to your workforce.

Create or upload your own course with ease

Design courses from any type of content—docs, pdfs, ppts, videos, etc. Our Course Publisher makes it more effortless to build, upload, and maintain effective learning media.

Assign courses in just a few clicks

Now it's easy for administrators and managers to assign courses or a complete curriculum based on job title, organizational structure—even a worker's primary language. Better yet, you can create automated assignment rules based on criteria such as job group and location, so new and promoted workers automatically receive the proper training.

Track progress and schedule ongoing reports

Our analytics dashboards and custom reporting offer multiple ways to track and analyze your organizational performance. You can track and compare different worksites and groups in terms of completion rate, exam scores, and more. And set up a schedule to receive your favorite reports automatically on a daily, weekly, or monthly basis.

Monitor your compliance

Track your compliance score at every organizational level (e.g., department store, region, etc.) and in every area (HR, safety, etc.) with audit-ready reporting. Make sure you're meeting your compliance requirements and due dates by creating reminders. You can even build your own notification rules, so you never miss a mandated deadline.

Gauge comprehension

Built-in quizzes make it a snap to verify employee comprehension. You can also leverage ready-to-use exam templates (with multiple-choice, true/false, multiple answers, and fill-in-the-blank quiz modes) to build your own assessment tools for any content.
