

ThoughtTrace Quick Start Guide

Web Extension Installation

Installing on Chrome

1. Navigate to “Manage Extensions” at the top of your Chrome browser by clicking this icon:

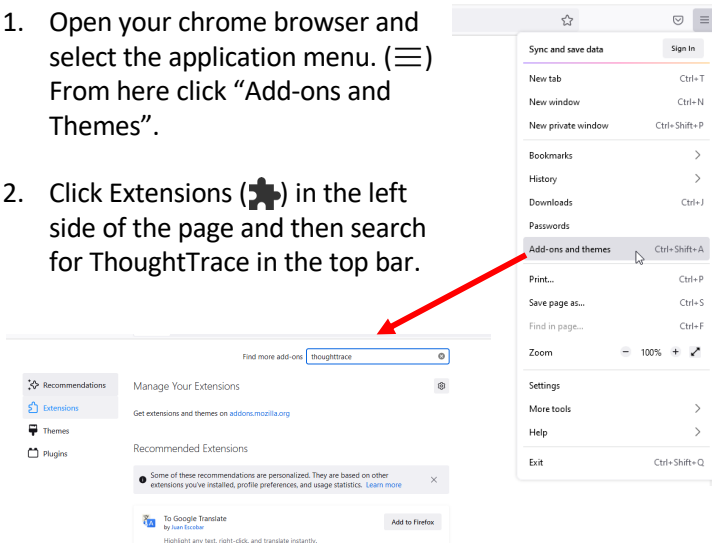

2. Click the menu by extensions (☰) then select the “Open Chrome Web Store” option.

3. Once in the webstore search for “Thoughttrace” and add the extension for your browser.

Installing on Firefox

1. Open your chrome browser and select the application menu. (☰) From here click “Add-ons and Themes”.
2. Click Extensions (🧩) in the left side of the page and then search for ThoughtTrace in the top bar.

3. Click the ThoughtTrace App and install.

Installing on Edge

1. Open the Edge browser and select “Settings and More” (⋮). Select “Extensions”, then “Manage Extensions”
2. Click the link in “You can also get extensions from the Chrome Web Store.” This will allow you to add chrome extensions to Edge.

3. Search the chrome web store for “ThoughtTrace”, click on the extension, click “Add to Chrome”, then click “Add Extension” (to Microsoft Edge)
