SAP S/4HANA Conversion Packages That Suit Your Needs

Why Choose Createch S/4ACTION?

When the time comes to execute an SAP S/4HANA conversion, what is also referred to as a “Brownfield”, there is little place for amateurism. Expertise, experience, and business processes knowledge make the difference!

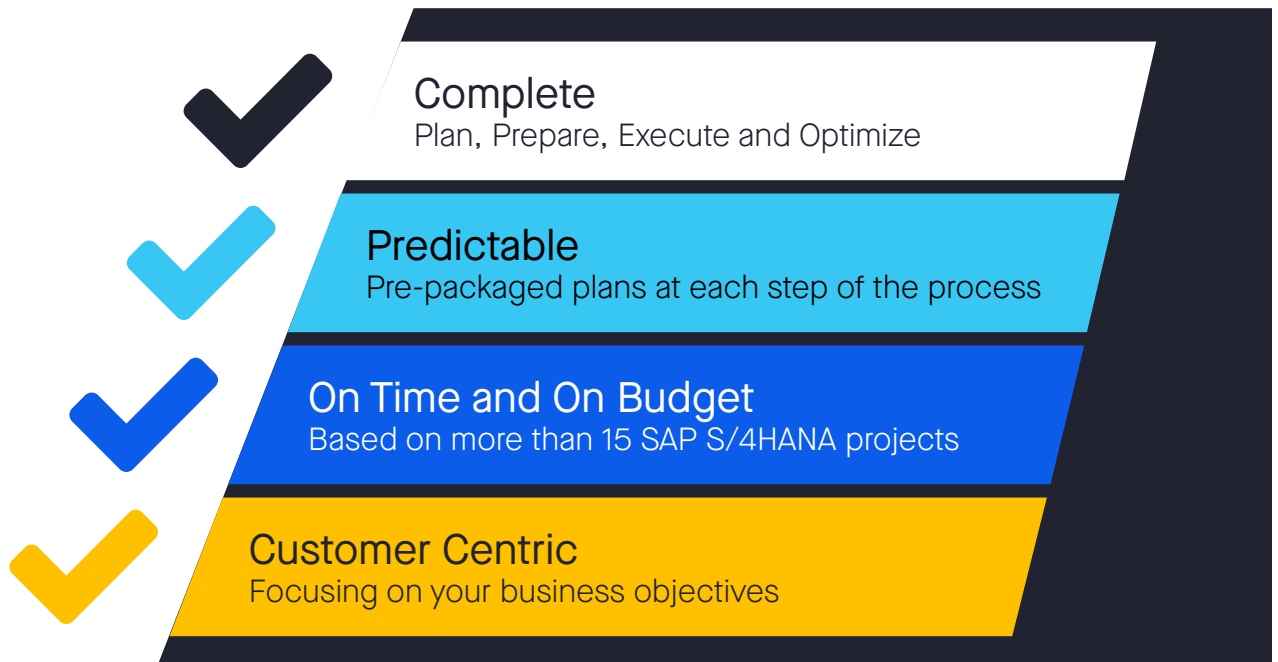

At Createch we have been involved in migrating SAP ECC systems to Suite on HANA since 2014 and performed our first conversion from ECC to S/4HANA in 2016!

This knowledge and experience has given us the ability to help customer scope, size, and execute their conversion projects according to business objectives in 4 major “standardized steps” minimizing risk and effort.
