Channel Cloud PBX for Microsoft Teams

Get the best of both worlds with G12 Cloud PBX for Teams

All-In-One solution

Combine G12's robust PBX features with the most popular collaboration solution on the market. Unlock productivity and empower the customer experience with Connect to Teams – Cloud PBX.

Advanced enterprise features

Take advantage of G12's premium call features, such as voicemail to email, real-time analytics, auto attendants, call recording, call center integration, and more.

Cross-platform integration

Gain access to G12's robust functionality across every device in the workplace, including desktop, mobile, and softphone applications—without ever having to leave the Teams interface.

Reduced calling costs

Avoid expensive calling plans or direct routing. Eliminate the cost of managing in-house legacy systems while taking advantage of unlimited domestic calling within the US and Canada.

Unlimited scalability

Effortlessly increase usage to meet higher demand. Connect to Teams – Cloud PBX lets you expand the number of available lines in a matter of seconds—with little to no added cost.

Intuitive user management

Add, remove, and monitor users with ease using G12's administrative portal, now available through the Microsoft Teams interface.

Ongoing support

Enhance user experience with 24/7 access to G12's technical support team. Get the help you need when you need it with our team of trained PBX technicians.

**Integrate industry-leading PBX
with world-class UCaaS.**
