

Senior SAP Finance Consultant

I am an expert in SAP Finance and/or SAP Controlling with a great eagerness to further deep dive into the latest SAP Technologies.

Being part of a tribe combined with very good working conditions and a competitive salary package is what I'm looking for.

I like to improve myself through feedback, team sessions and team events. I love to help others improving themselves.

Characteristics

- Good communication skills
- Solving complex problems
- Making strong decisions
- Service-focused
- Out of the box thinking
- Innovative mindset
- Technical curiosity

Values

- Trust
- Passion
- Entrepreneurship
- Integrity
- Team spirit

Experience

Senior SAP Finance Consultant - 2015 (or earlier) to Present

Small & Medium sized company

- Be actively involved in the preparation, blueprinting, realization and Go Live of customer implementation projects.
- Demonstrate the ability to plan, run and manage Fit/Gap workshops/meetings with internal and external customers.
- Collaboration with project managers to define the scope of projects & opportunities, estimating efforts and project timelines.
- A creative source for ideas/solutions to address challenges.

Sharing is Caring

- Knowledge-sharing is one of the key success factors, therefore I am happy to share my gained expertise with colleagues and customers during Expert Sessions and workshops.
- Advising and challenging customers in order to find the best solution for their business and DRIVE projects.
- Be part of a team of experts with very broad knowledge and experience to rely on.

Special Forces

- S/4HANA Finance
- Translating business requirements into solutions.
- Excel in Excel.
- The ability to accept well deserved rewards.
- Analytic. Not a side issue but essential.

I WOULD LIKE TO APPLY FOR THIS JOB
