## Objective

A motivated, lifelong learner with a solid foundation in programming principles, developing, testing, debugging, designing interfaces, and deploying applications, who is looking to enter the software development industry.

## Technologies

HTML, CSS, JavaScript, C# .NET, Bootstrap, ASP.NET Core MVC, ASP.NET Core Web API, AJAX, jQuery, APIs, JSON, Git, Microsoft SQL Server, Object-Oriented Programming

## Projects

### MATRIX90 NUTRITION APP

Technologies: ASP.NET Core MVC, HTML, JavaScript, CSS, Bootstrap, JSON, Postman, Microsoft SQL Server, Git

Overview: Martrix90 Nutrition App is an application that is being asked from Matrix90 that allows nutritionists/owners the ability to communicate their customized nutrition plan, weekly reviews, weekly tips, food recipes, and more to their customers/clients.

Features:

- Enables a customer user to have a customized nutrition plan based off their goal weight and forms filled out
- Enables a customer user to have access to weekly tips and recipes
- Enables a customer user to have weekly updates
- Enable a nutritionist to have a dashboard of all customers and their info
- Enables a nutritionist to provide weekly customized nutrition plans, weekly tips, and recipes

### MILWAUKEE ACTIVITIES

Technologies: ASP.NET Core MVC, HTML, JavaScript, CSS, Bootstrap, JSON, Postman, Google Maps API, ASP.NET Core Web API, Microsoft SQL Server, Git

Overview: Milwaukee Activities is an application that provides the user the ability to search the local area of Milwaukee for activities to do.

Features:

- Enables a user to have a customized list of activities in Milwaukee based around their selected interests
- Enables a user to filter activities, create an activity, review an activity, and favorite an activity
- Enables a user to see a map with the location of each activity
- Created our own ASP.NET Core Web API due to needing specific properties of an activity that no other Web API included.
- I was team lead for the production of this application.

## Education

### **FULL-STACK SOFTWARE DEVELOPMENT CERTIFICATE | DEVCODECAMP**

- Earned June 1<sup>st</sup>, 2020

### **HIGH-SCHOOL DIPLOMA | 2009 | OAK CREEK HIGH SCHOOL**

### **ASSOCIATES DEGREE | CURRENT | MILWAUKEE AREA TECHNICAL COLLEGE**

- Major: Marketing and Business
- Minor: Graphic Design

## Job Experience

### **IE PACKAGE PLANNER SUPERVISOR | UPS | 03/2019 - 02/28/2020**

- Planned daily operating plans for the Milwaukee Package delivery operations.
- Created work measurements for each facility.
- Worked with center business managers and division managers to determine the most efficient operating plans.
- Help plan staffing for each center.
- Attended daily zoom meetings.

### **OUTBOUND SUPERVISOR | UPS | 2012 - 2019**

- Supervisor: I was responsible for 7-10 employees on loading packages into semi-trailers safely and correctly. I made sure they paid attention to detail and ensured that the customer received great care to their packages. Lastly, I am responsible that their payroll was correct before it got sent out to corporate.
- Package Car Deliverer: I was responsible for delivering customers packages on a timely fashion and being a safe driver at the same time.
- Package Car Delivery Helper: I helped aid the package car driver deliver packages in a timely fashion.
- Semi-Truck Loader: I was responsible for loading packages in the correct trailer and loading it with the correct methods to eliminate damages.

**PRINT OPERATOR ASSISTANT| QUAD GRAPHICS | 2011-2012**

- I helped assist the print operator on an assembly line to make sure magazines and fliers were being printed correctly.

**PART TIME MANAGER | CHAMPS SPORTS APPAREL | 2009-2011**

- I was responsible for about 4 employees daily to increase sales, provide great customer service, and decrease theft. I also assisted in inventory responsibilities.

**CREW MEMBER | WENDY'S FAST FOOD | 2007-2009**

- Helped with the daily operations of sandwich making, food prep, cash handling, and customer service.
