WORK EXPERIENCE

Squad Leader/ E-5 United State Marine Corps

03/2014 - 03/2018

Twentynine Palms, CA

Achievements/Tasks

- Commanded a platoon of 34-40 Marines and managed the operation of 6 combined Anti-Armor vehicles
- Trained and prepared subordinate Marines for upcoming combat deployments and field training exercises
- Awarded the Navy and Marine Accommodation Medal for showcasing exceptional leadership and achievements during my final combat deployment
- Maintained the condition, accountability and effectiveness of all weapons and gear issued to my squad.
- Enforced all rules, policies and standards of all my Marines while also mentoring Marines emotionally and physically to assist in their career advancement

PROGRAMMING LANGUAGES AND TECHNOLOGIES

Tools/IDE's: Git, GitHub, Spring Tool, Visual Studio, VS Code, PyCharm, Discord, Zoom, Slack, Trello

Python, JavaScript, Java Flask, C#, ASP.NET Core, HTML, CSS, Bootstrap

PROJECTS

The Cocktail Lounge- Personal Capstone

- The technologies used were Django REST, React, HTML, CSS, Bootstrap, Postman, and The CocktailDB API
- Created this app that gives Users the ability to have a full menu of cocktails to search for or to have a random cocktail picked for them if they simply cannot decide on a drink to try
- Registered Users will be given the access to create their own collections of their favorite drinks as well as created their own cocktail that they made themselves

Gamebay- Group Project

- The technologies used were Django REST, React, HTML, CSS, Bootstrap, and Postman
- We created this eCommerce app that allows users the ability to buy and sell video game from different gaming platforms
