Redux, ASP.NET MVC, Java, Typescript

PROJECTS

cellary - Solo Capstone Project (08/2021)

- Technologies: Javascript, React.js, Django REST Framework, HTML, CSS, Bootstrap, EmailJS, Spoonacular API
- Created a pantry management, meal planning, and grocery shopping app in one to help prevent food waste at home. Users can keep a database of food on hand and match it with recipes. Creates email shopping lists for ingredients and alerts for food items about to expire.

Card Store - Group Capstone Project (08/2021)

- Technologies: Javascript, React.js, C#, ASP.NET Core, HTML, CSS, Bootstrap
- Created a e-commerce platform to buy and sell sports cards.

Trash Collector (07/2021)

- Technologies: Python, Django MVT Framework, HTML, CSS, Bootstrap
- Created a platform for a municipal trash collection service. Customers can manage their accounts; employees can view customer profiles and see maps of their pickup routes.

WORK EXPERIENCE

Senior Store Manager

FedEx Office

07/2004 - 05/2021

Achievements/Tasks

- Managed all aspects of day to day operations at multiple stores with over \$1,000,000 in yearly revenue that consistently beat profit expectations. Supervised and trained a diverse staff up to 12 people with one of the highest employee retention rates in the company.

EDUCATION

Full Stack Software Development Certificate

devCodeCamp

05/2021 - 08/2021
