

Drainage body, Socket inclination 90°

Product information for the product group

- Drain body DN 50
- Top sections can be rotated and telescopically height adjusted for easy levelling with finished floor

ACO Product benefits

- Robust body and massive upper surface guarantee a problem free long term operation
- Flexible installation due to rotatable and adjustable top section
- Suitable for public areas due to locked grating

- From stainless steel, material grade 316
- With integrated stainless steel foul air trap
 - Water sealant height: 50 mm
- Slotted grating of stainless steel

- Load class: K 3
- Brushed silk gloss grating
- Suitable for all push fit pipe socket systems
- Socket inclination 90°

Item Technical Data 405154
