

SIT-ON COVERED SKIRTING

Sit-on coving is fitted after the flooring has been laid and can therefore be used to replace an old skirting, as well as to provide a neat finish to a new floor.

These tough and durable covings give protection to the wall decorations at floor level. Ejecta skirting is easy to clean, needs no painting and offers long-term maintenance savings compared to timber skirting.

MC8* Available in 2 metre length
15 colours.

MC8c 20 metre length coil.
15 colours.

MC14 Available in 2 metre lengths.
15 colours.

*This profile is available in two lengths
2 metre (MC8) or 20 metres (MC8c)
