

Full Stack Developer

Remuneration negotiable depending on candidate's experience

IMMEDIATE START

It's time to get your life in gear!

Crossflow is ranked by the Financial Times as the 8th fastest growing company in Europe and are recruiting now for a range of roles to accelerate growth.

The business model, technology, and legal framework enables financial institutions to provide short-term working capital to the suppliers of large corporates across Asia, Europe, the Middle East and the UK.

We are looking for a Full Stack Developer, who will join a small, motivated team creating outstanding software for financial services. We need a developer who takes the initiative and takes ownership of any projects they work on. It's a small team, so we need people who are versatile and diligent, people who want to learn new technology and acquire new skills. The company is in an accelerated phase of development, and we have a share option scheme to reward those who enable that growth. If this interests you, please get in touch.

Crossflow is a business with highly commercially focused and serious engagement, with a very professional and motivated organisation, working to deliver success for their customers.
