Employment opportunities

Many students who have successfully completed a beauty therapy and make-up course at Barnet and Southgate college are employed as beauty therapists in spas and salons across London, working actively on international cruise lines or are self-employed with confidently built client base.

Students who have completed make-up courses work on a freelance basis or are employed by Make-up brands such as Mac, Estee Lauder and Chanel.

16-18 year olds on full time courses have a 'study programme'

Maths and English are included to enable you to upskill and progress in your place of work

Work placement is included to help you to gain industry experience

In class support is part of the overall study programme

Group and individual tutorials are included to further and enrich additional aspects of your learning.

Make-up task

We want to get to know a little bit about you so we would like you to plan a half and half make-up look.

1 side of the face should be to celebrate your strengths and the other to expose your differences.

Show your creativity, be honest and don't hold back, we are a college that celebrates diversity, so show us what makes you, you.

You should create a mood board showing the 2 different sides of your face, you can create this in whichever way you like, whether it be in a power point, word document, pic collage or if you want to use different textures and materials you can cut and stick onto card and paper and take lots of pictures of your work.

You should also create 1 or 2 face charts - you can find these easily online in a google search. You can use make-up, paint, pens, coloured pencils even glitter and gems.

If you really want to go the extra mile - why not actually carry out the make-up and send us some pictures.

We can't wait to see your fantastic work.
