

WELLA

PROFESSIONALS

Welcome to Hairdressing

Meet the team

- Nicky Miles (Head of Wellbeing, Sports and Science)
- Nihaad Kapdi (Curriculum Manager)
- 8 teaching members of staff (with over 150 years teaching experience and over 400 years hairdressing experience)
- Resource manager, receptionist/ technicians, senior administrator.

2020/2021

1 - Julie Hennessy

2 - Selasi Okudzeto

3 - Kimberly Kan

4 - Ann Burns

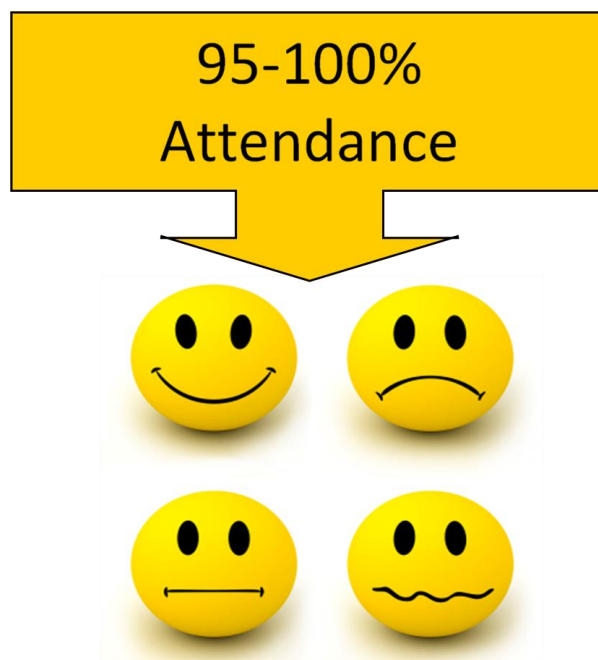

Student Experience

- We want you to have a fun time while you are at college

- We listen to what you have to say
- It is important each class has a Student Rep
- Last year we know students enjoyed, hairdressing trips, opportunities to enter competitions, guest speakers introducing new tools and equipment and products.

Exemplary

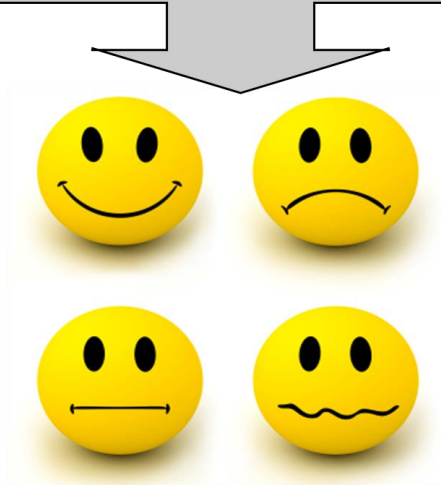

- The college has good links with Employers and is able to offer students jobs within the industry
- Employers want : Excellent attendance, excellent punctuality, excellent client care skills
- This year we will be giving out attendance prizes. If your attendance is 95%-100% we will enter you into a draw every month.

Gold Status

- Achieve qualification early
- Opportunity for extra qualifications
- Excellent reference
- Excellent hairdressing skills
- Considered for student of the year

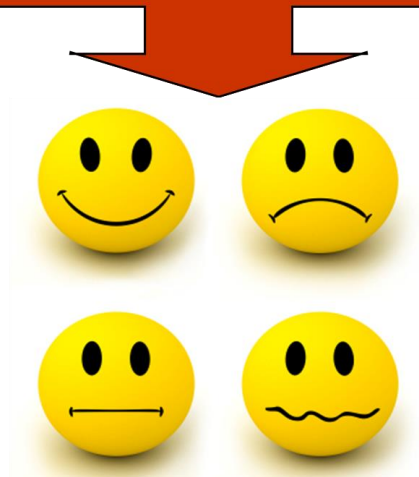

95-85%
Attendance

Silver Status

- Achieve qualification by deadline
- Considered for further qualifications
- Good reference but employers may be more hesitant in employing you
- Good hairdressing skills

Less than 85%
Attendance

Red Status

- Achieve units only

- Will be still getting assessments through the summer while peers have completed prior to summer
- Employers will not consider you for job applications
- Poor Reference
- O.K. hairdressing skills

Pro monitor

- Your tutor will action plan you with Smart targets to help you achieve.
- You will sit with your tutor to agree your action plan
- Your action plan will let you know your status
- Every month your name will appear on the notice board if you are inline for an Exemplary Certificate and the winner of the attendance price will be announced.

Salon

- Black Uniform
- Hairdressing kit

Hairdressing Trips

- Salon International
- Excel, London
- <https://youtu.be/Py-2x7ahIVQ>

What our students have to say.

Neta Level 3

"Being a hairdresser provides a genuine opportunity to touch the lives of people in more ways than one. As a hairdresser, you influence your client's social life and shape part of their personality."

A good look and a new feel could motivate them to look forward to their professional and social lives. I enjoyed in particular the range of skills I learnt from the course, from cutting hair to carrying out complex colouring."

Margita level 3

"Hello, my name is Margita Hajkova and I'm currently a level 3 Hairdressing student at Barnet and Southgate college in Colindale. This is my 3rd year at this college and I absolutely love it. I have started as a complete beginner level 1 hair and beauty with no hairdressing skills or knowledge at all. I have enjoyed learning and developing my skills thanks to my great teachers throughout this past 3 years. I was extremely lucky to learn from so many amazing teachers who happily shared their great knowledge and professional experiences with me (Julie, Sam, Selasi, Kim and Ann). They have all brought something different and personal to my college life and I'm very thankful for that. I still have a long way to go to become as good and professional hair stylists I would like to be but with help from my teachers I have already gained a confidence and I believe with further experience I will achieve what I have set up to achieve and that's my own business."

Amber Level 1

"When I joined the course?"

I joined Barnet and Southgate College in September 2019. I am studying Level 1 City and guilds diploma in hair and barbering.

How am I finding the course content?

I am enjoying most of the course content, I have found that I am doing well in the theory work that I do for each unit like colouring and shampooing. When revising for the tests for these topics the teaching isn't rushed and the teacher recaps on the work we have done in the previous weeks, I find this is really helpful for someone such as myself because repetition helps me learn definitions and keywords.

Am I enjoying the course?

The practical lessons are also quite fun especially at times like Valentine's Day and Christmas because the students compete for the best hairstyle. I am improving myself in the practical lessons as well it may not seem like I am making big progress but the small progress I see in my work is undeniable when I started this course I didn't even know how to use hair tongs and now I do and I could only do a basic plait before but now I can French braid, Dutch braid, fishtail braid, etc.

Am I enjoying the course?

For the most part I do enjoy the course, sometimes it can be frustrating if I'm not picking up all of the practical work straight away and if this is the case I usually speak to my teacher about these kind of concerns and it helps to know what they think of my progress and I also receive smart targets and this helps me to improve at my weaknesses. Now because of this course, after finishing my work experience I work at a hair salon every Friday.

Support?

While being on my course I also take GCSE maths so I have a maths coach I see on a weekly basis to further my understanding of some of the topics I may be struggling with and I wouldn't have been able to get this kind of support without the help of my teacher.

Hairdressing Exhibition

I attended a hairdressing exhibition called Salon International at the excel Centre and I had a really good time, I got to buy hair products that I was interested in as well as watching the hair shows that were going on around the venue, our teachers were also around the venue so if there were any problems then I would be able to go to them.

Thoughts on my Teachers

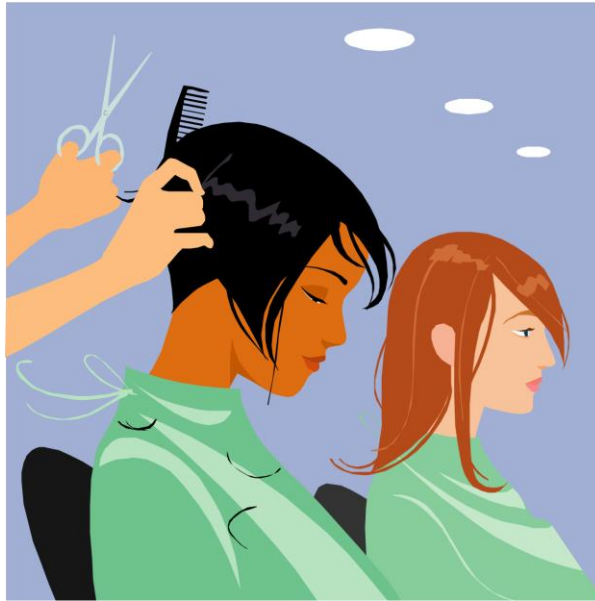

Thoughts I have on my teachers are they have all been very supportive giving me the motivation to keep on trying even when not everything comes easy to me."

{Amber level 1}

Enjoy have fun

- Learn lots of hairdressing techniques

Task for the summer

We have told you a bit about ourselves and now we would like you to take this opportunity to show case your skills.

We would like you to produce a **historical timeline for hairdressing**.

You can make it about the different hairdressing fashions from different eras or about the Hairdressing Industry or both. You can present it any way you wish. Some of you may wish to draw, paint, write, type, make a collage or use digital media.

Those of you returning to College to do the next level of your course, could recreate one of the looks from an era on a headblock, or on yourself and take photographs of your look. You may wish to explain why you selected that look and how you did it.

We must stipulate this must be your own work. You can use photographs from the internet but the words you use to explain must be your own.

We would like to be able to display your work in the college when we return for the new Academic year.

Where to start on your timeline: The Ancient Egyptians up to the present day.

Please submit your work Via Email: Ann.Burns@barnetsouthgate.ac.uk

Or by Post: Barnet and Southgate College Hairdressing Department Colindale Campus 7 Bristol Ave NW9 4BR

The deadline for this task is ___13th of July 2020_____
