

Luis Felipe Ninja Pinto (Ninja)

Personal Safety Class

Please join us for an hour to learn from one of the best in fitness and personal safety. This is an optional activity to join with your industry colleagues and learn how to travel safely and protect yourself when you are out and about. The attendance fee will go to benefit Family Violence Prevention Services, Inc. (FVPS), The Battered Women and Children's Shelter. FVPS has helped nearly 225,000 women, children, and men. Today, FVPS has 13 residential and non-residential programs that truly help victims of domestic violence not only be safe during crisis, but to heal, realize their potential, and develop their skills. CED will donate \$5,000 towards this event.
