

MEDITECH EXPANSE
**Genomics Showcase for
Canadian Healthcare Organizations**

January 20, 2022 | 1:00-2:00 p.m. (EST)

We are pleased to announce a one-hour informational session regarding the transformative genomics functionality now available in MEDITECH Expance. This presentation is a primer on how Expance Genomics will interact with and complement your MEDITECH EHR, how our innovative approach to genetic medicine can support *every clinical discipline* within your organization, and how you can begin to prepare for the future.

— AGENDA —
