

EMPLOYER PAYMENTS PLATFORM

Modernize How You Pay Employees in 2021

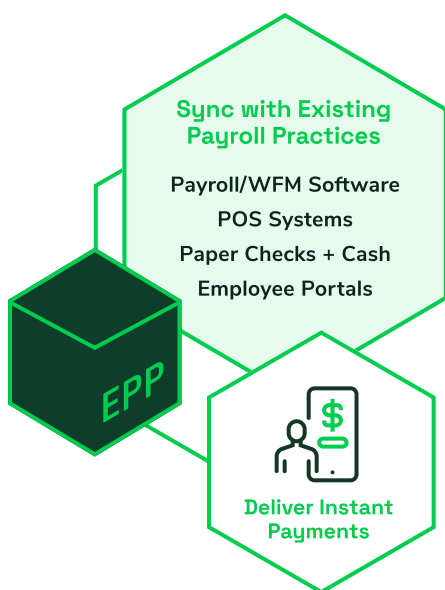

Deliver Faster Payments with EPP

Our **Employer Payments Platform (EPP)** helps businesses accelerate payments to their employees. So much of the working world has changed over the past few years, but payments technologies haven't caught up. Factors like the move towards cashless, contactless payments; the growth of the gig economy; and the demand for earned wage access have all created an urgent demand for businesses to move money in a faster, more secure way.

- › Send faster payments without making changes to payroll
- › Save time and money by ditching outdated payment methods
- › Stop worrying about cash flow logistics
- › Boost employee retention and satisfaction

“With Branch, I’ve gained 10 hours a week back into my life. I’m now able to spend more of my time with the team and coach them on taking care of our customers.”
