

# Beyond a Paycard

Pay people faster with instant digital payouts. Instead of paper checks and paycards, your employees get a digital wallet and a debit card (our Branch Card) that they can use to pay for anything they want. Push funds directly to their account with **zero fees** or management hassle for you or them.

## Branch Card + Digital Wallet

Branch is an **employee payments platform** for working Americans. We give your employees a Branch Card that functions just like any other debit card. It comes with **ZERO fees**, and they can use it to pay bills, buy gas, shop online, or do anything else they'd do with a normal debit card.

Branch Card is attached to a **no-fee checking account and digital wallet**, so they can pay for whatever they need, wherever they are.

### Better employee experience

Branch is also **fully self-service for your employees**, meaning you can ditch the management hassle and have your employees rely on our trusted customer support instead.

Not only are we rated higher, but we built a solution that's designed to be easy for your employees and a seamless integration into your payroll processes for you.

## How it works —

Skip the costs, delays and management hassle of the typical paycard process and use Branch Cards to give your employees a fee-free debit card and complete digital banking experience.

- 1 Order a stack of Branch Cards to keep on hand.
- 2 Hand them out to employees, and they complete setup through our award-winning mobile app.
- 3 Push wages, tips or mileage reimbursements instantly using our easy Pay Admin portal.
