

IML/PeopleKeys' Accreditations for Continuing Education Credits

PeopleKeys, along with The Institute for Motivational Living, constantly strives to provide you with the utmost in continuing education and training accreditation adhering to all professional standards. As part of our 35 plus years of work, we are proud members of IACET, SHRM, ICF, AATD, and our own certification process through PK/IML. Below is a description of the requirements and CEUs, PDCs, or other credit units you may receive.

The International Association for Continuing Education and Training (IACET) is the international standard of learning excellence, and many companies (and colleges) accept IACET credits toward work reimbursement or other continuing education endeavors. PeopleKeys is the only DISC provider that is an IACET authorized provider of IACET CEUs. Earn up to 3 CEUs with the Certified Behavioral Consultant (CBC) combined course. Each single course is eligible for 1.5 IACET CEUs. This follows the formula of 1 CEU for every 10 hours of training. It is estimated, with practicum (using DISC assessments) there would be approximately 30 hours of total instruction and practicum time. You may read more at IACET.org.

The Society of Human Resource Management (SHRM) is a staple to all those in HR. Persons who have their SHRM certification can use our credits toward their recertification, which must be completed every 3 years to maintain certification. With the PeopleKeys Certified Behavioral Consultant combined course, you are eligible to earn 30 PDCs towards recertification. A total of 60 PDC are needed every three years. To be eligible you must have your SHRM certification and complete the full CBC course. Upon course completion, you will receive a control number on your certificate that you must submit to SHRM in order to receive your credits. You may find more on this at SHRM.org.

The International Coaching Federation (ICF) is an organization dedicated to continuing education for coaches. Our ICF Continuing Education (CE) course is limited to a special Certified Behavioral Coach Guided Course*, which is different from the regular CBC in scope in that it takes 10 weeks to complete and you must do it jointly with at least one other person. Learn more at CoachFederation.org.

The Accrediting Alliance for Training and Development (AATD) recognizes The Institute for Motivational Living, PeopleKeys sister company, as a lifetime member, and eligible to award the same CEUs as IACET. The AATD seal is present on your certificate and we can provide a letter of confirmation upon request. Visit AATD.org for more information.

Contact PeopleKeys to learn more or to request CEUs.
