FACT or fiction?

CHECK THE BOXES THAT YOU THINK ARE FACTS.

☐

1. Bees don't see orange and red. These colors appear black to them.

☐

2. Beekeepers wear clothes and gear to cover every part of their body, so bees can't sting them.

☐

3. Bees have eight legs.

☐

4. Fruit trees produce flowers before the fruit forms. These flowers must be pollinated by a honey bee so the fruit grows.
