

NATE'S *Christmas Village*

It's the most wonderful time of the year at Nature Nate's Christmas Village! Color each picture, then cut each out along the dotted lines. Cut the two small slits at the bottom of each picture, and use the provided stands on page 3 to set the village upright. Create a Nate's Christmas Village scene. Merry Christmas!

VILLAGE STANDS

DIRECTIONS

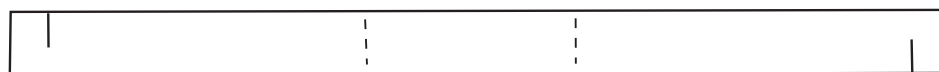

*Hey kids, make sure to get your parent's help with this!
We recommend printing on card stock for the best results.*

1) Cut out the stand, and fold along the dotted lines. 2) Carefully cut a slit on the small solid lines, making sure not to cut to the other edge of the paper. 3) Bring the two slits together, sliding one inside the other. 4) Cut the slits on the corresponding picture, and attach stand. 5) Voila, Christmas Village!
