

VIRTUAL PREPARATION AND CUSTOMIZATION OF A EUREKA MATH[®] LESSON: A STORY OF UNITS[®]

Session Objectives

Participants will understand

- how to successfully implement a *Eureka Math* lesson,
- how to discern the decisions inherent in each lesson and to question the author,
- how to study the teaching sequences of the curriculum while customizing lessons and growing in a Profound Understanding of Fundamental Mathematics (PUFM), and
- the three-step process for customizing lessons to meet students' needs

TIME	AGENDA	DESCRIPTION
Zoom Session 1 2 hours	Discern the Plot Find the Ladder	During the first virtual PD session, participants will <ul style="list-style-type: none">• study the Module and Topic Overviews,• complete and analyze a sequence of Exit Tickets,• analyze the complexities embedded in a Problem Set, and• learn how to anticipate student learning needs.
Lunch Break 2 hours		
Zoom Session 2 2 hours	Hone the Lesson Number Line Puzzle	During the second virtual PD session, participants will <ul style="list-style-type: none">• adjust the four lesson components to respond to anticipated students needs and• engage in a collaborative puzzle activity.

It is not recommended that this session be split over two days.
