

STRENGTH-BASED SITE VISITS

This day-long session deepens educators' understanding of effective implementation and gives them an opportunity to reflect on the current state of their implementation and plan for next steps.

This session is only offered in-person. It can be repeated for ongoing learning.

Outcome

- Learn teacher and student actions that define a *Wit & Wisdom* classroom
- Identify, share, and celebrate strengths in implementation
- Plan to develop a new implementation strength

When

Schedule Strength-Based Site Visits after Launch *Wit & Wisdom*, preferably after six or more weeks of implementation to maximize the session's impact.

Who

- Teachers
- Instructional coaches
- Administrators

What

In this session, participants

- engage in evidence-based observation of *Wit & Wisdom* instruction,
- note implementation strengths, identifying positive trends across classrooms,
- explore teacher and student actions that characterize effective implementation and analyze how the observations align to those, and
- plan implementation goals and strategies based on observations and analyses
