

ALUMINATOR Grinding Wheel

Rex-Cut's Aluminator Grinding Wheel removes on average 91% more 6160 through the life of the wheel compared to a sampling of other aluminum grinding wheels on the market.

The Aluminator grinds aluminum fast, without loading, and provides a very consistent metal removal rate for the entire life of the wheel. The Aluminator runs noticeably smoother allowing for safer conditions for grinding operators.

METALS

Aluminum - Non-ferrous

NEW PRODUCT FEATURES

- Fast and consistent metal removal rate
- Long life formula
- Naturally non-loading, no lubricants in wheel
- Cool grinding action
- Maximum operator control
- Excellent surface finish

APPLICATIONS

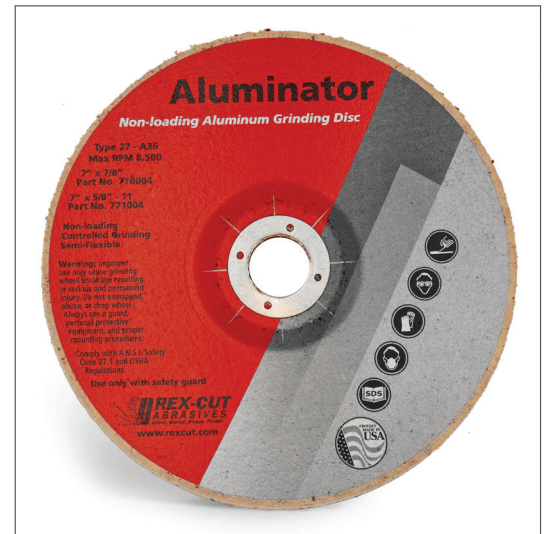

- Aluminum trailers
- Tank fabrication
- Aluminum boats
- Aluminum beveling

UNIQUE QUALITY

Due to the specialty cotton fiber abrasive material, these wheels break down as heat is generated, resulting in sharp grain constantly being exposed to the work surface. This eliminates loading and the need for wax or grinding aids

SPECIFICATIONS

- Grain Types
 - Aluminum Oxide
- Grain Sizes
 - 24 & 36 blend
