4550060*	3/8"	3/8"	65'
4550070	3/8"	3/8"	75'
4550080	1/2"	1/2"	35'
4550100	1/2"	1/2"	50'
4550120*	1/2"	1/2"	65'

Adjustable Bumper Stop

The adjustable bumper stop feature on PneuTech hose reels allows you to adjust the length of hose that suspends from the reel when installed.

Kink Resistant Hose

Twisted lines and stopped air flow? PneuTech kink resistant air hose provides a consistent air flow to your equipment and is specialty made to avoid air restrictions.

Adjustable Guide Arm

The adjustable guide arm allows for 8 possible mounting configurations, resulting in ultimate flexibility.

Robust Mounting Bracket

Allows for sturdy fixation to walls and ceilings for unlimited mounting capabilities

Ratcheting Lock Design

The ratcheting lock design is manufactured from 100% plated steel components which protects itself from premature wear and failure. This robust design ensures a long lasting user friendly experience.
