

# IMPRESIV HEALTH

## Company Profile

Impresiv Health is a Florida-based healthcare consulting partner specializing in clinical, project management, and software consulting services. We are a team of thought leaders and proven industry experts delivering innovative and transformative healthcare services. Because our team's experience spans nearly every facet of healthcare operations, you get faster results, improved communications, and a true partner you can trust.

## WHY IMPRESIV HEALTH?

If you asked a client to explain who Impresiv Health is in just a few words, they would say we are more than just a vendor – we are a partner. “Impresiv” wasn't chosen by accident—the purpose of the name is to immediately acknowledge our intention to impress in everything that we do.

Our team is a genuine and accountable group, and we stand behind our staff and services with integrity. We consider it an honor to have earned our clients' trust and preserve it through candid and open communication; we would rather lose an engagement than their confidence.
