

## 360° Remote Collaboration for Pharmaceutical Inspections & Audits

Increase the efficiency and safety of pharmaceutical inspections.

### Virtual Audits

Explore a facility or process and interact with employees both virtually and on site. Perform remote audits while reducing cost and downtime.

### Quality Assurance Reviews

Improve trust and transparency between your team and stakeholders with the ability to review your processes more frequently.

### Remote Facility Tours

Bring collaborators or customers on site for facility tours and walkthroughs. Each visitor can explore as if physically present.

# The Avatour Advantage

**Revolutionize remote visits with the power of the full picture and the freedom to choose your point of view.**

Avatour is the remote collaboration platform for site meetings. Our technology allows remote participants to experience the context of a real place, while interacting in real time with the people there. Visit your facilities, labs, supply chain partners, or offices **in real time – no matter where you are – with the unique power of 360° technology.**

*“This is a viable platform that will really revolutionize how we perform inspections.”*

MONICA COMMERFORD, PH.D.  
THERMO FISHER / BRAMMER BIO

**360° View** provides unobstructed access to location or facility

**20 Guest Capacity** equips you to bring global teams together

**Share Documents** on screen to facilitate collaboration & cohesion

**Session Recording** in 360° ensures no detail gets left behind

The Avatour 360° remote collaboration platform helps leaders conduct more frequent reviews without sacrificing quality. Our software platform combined with inexpensive, off the shelf 360° hardware enables a remote experience that can align teams, reduce risk, and enhance quality. Conduct FDA mock inspections, facilitate supplier audits, enable clean room entry for large groups, and more, all without the need to travel.
