

HOW TO MAKE YOUR OWN DIY DOG TOOTHPASTE

Can't find the right toothpaste for your dog? Make it yourself! Here is a step-by-step recipe guide to make a safe, healthy toothpaste for your dog so you can stay on top of his dental care!

WHAT YOU NEED

Mix the following ingredients together in a small bowl:

3 Tbsp Coconut Oil

Coconut Oil contains lauric acid which helps control oral bacteria!

½ Tsp of Finely Chopped Mint Leaves

Mint leaves fight bad dog breath!

¼ Tsp Baking Soda

Baking Soda removes stubborn plaque build up!

HELPFUL TIPS

- ✓ Store your DIY dog toothpaste in a covered container at room temperature for later use!
- ✓ You only need a pea-sized amount to get the job done!
- ✓ Brush your doggo's teeth DAILY to support their dental and overall health.
