Get more from your NDIS plan

Achieve Australia Support Coordination is designed to support participants and families to get the best out of their NDIS plan.

Our team of experts provide tailored options so you can choose what works best for you and maintain control over the support you need.

We work with you, and your family or carer,

to most effectively manage your budget to achieve your goals.

We provide Support Coordination across the Greater Sydney Area. Our team can arrange to meet you, and your family or carer, at a preferred location or at our North Ryde office.

Support Coordination

Our support coordinators are experienced and are able to connect people with disability to the right supports and services to meet their individual needs.

Achieve Support Coordinators will support you by:

- Researching and assessing a number of providers to help you choose one that best meets your needs.
- Negotiating with your chosen provider on services and price, support you to understand service agreements and bookings arrangements and arrange any additional assessments to meet funding requirements.
- Providing financial advice and liaise with your Plan Manager, if you have one, on your behalf.
- Help you to resolve any NDIS related problems or issues and support your NDIS plan review process.
- Coordinating assessments if you or your loved one need new Assistive Technology.
- Strengthening and enhancing your independence to coordinate your support services moving forward and participate in your local community.

Access these services with your NDIS funding

We are an NDIS registered provider and offer these services through your NDIS funding.

There are no ongoing fees, and you are only charged for the time it takes to service your needs.

Achieve does not charge for an initial meet and greet. We take this time to get to know you and your family or carers to understand what you are looking for, and to find out how we can help.

If you have an enquiry about Support Coordination and would like to speak to an expert, please get in touch.

Achieve have registered Support Coordinators in Sydney.
